District 1 Playoff Official

What Is Your Vision For The Chapter?

I have two basic goals for our chapter.

1. I plan to serve the entire group’s interest in the best manner possible.
2. I hope to have CPBOA known throughout the State as the Chapter with the best officials during District and State Playoffs, as well as every night during the regular season.

Why Should You Be Elected?

I feel I would continue to serve our organization well for a number of reasons. I have been part of the CPBOA Executive Board for a number of years. Equally important in my experience, prior to transferring to this group, I held the position of Secretary in my District 1 chapter for a number of years. I have been part of the leadership group in two different chapters and have worked through chapter issues both internally as well as with the Officials’ Representatives in the past. My experience with two distinctly different organizations will help me to bring new ideas and thoughts to our group.

I realize the importance of this position, and I pledge to you that I will continue to be dedicated to the well being of this organization. I hope you will cast your vote in my direction. Thank you for your consideration!

Respectfully,
Scott Young
